You will need to bring the following to the meeting:

Player and at least one parent

Completed Paperwork

Medical form

Contract (if you have not already submitted it)

Attendance Policy (National and Mizuno Teams)

Second Payment (\$100 already paid upon acceptance, \$250 due at meeting)

Here is what to expect at the meeting:

You will have a chance to meet your teammates and coaches!

We will go through the player handbook

You will receive the Important Dates Calendar

You will receive a final practice schedule

You will receive your tournament schedule (some tournaments may still be tentative)

You will receive hotel information (primarily for National/Mizuno teams)

You will receive information about the new conditioning and injury prevention program

You will sign up for “December Boot Camp” (14-1, 14-M and all teams 15 and older)

You will order your uniforms and any optional specialty apparel

You will receive information on the club fundraisers

You will be able to sign up for the “Work to Play” Program

As you can see, there is a lot to accomplish in 2.5 hours and it is really, really, important that you attend your team meeting at the proper time. It creates a ton of extra work for me and the other support members of the club when players and parents miss this meeting and call me to get all of the information separately.

See you on December 7th!
